MD ANDERSON CANCER CENTER • Houston, TX

August 2019 to October 2022

- Supported portfolio governance activities across multiple projects, ensuring alignment with strategic priorities and organizational goals.
- Coordinated concurrent operational initiatives supporting departmental objectives and executive priorities.
- Managed stakeholder communications, project documentation, schedules, and implementation activities.
- Monitored KPIs and prepared reports supporting business planning and continuous improvement efforts.
- Collaborated across departments to streamline workflows, improve service quality, and enhance operational performance.
- Supported change management, process improvement, and organizational effectiveness initiatives.

Program Coordinator

MD Anderson Cancer Center • Houston, TX

January 2019 to January 2022

Supported HRIS data entry, payroll, and compliance processes, ensuring accuracy and adherence to data governance standards. Provided guidance and training to staff on HRIS navigation and transactional processes. Increased executive efficiency by 15% through optimized reporting. Coordinated department-wide communication and alignment efforts. Solved complex operational challenges using data-driven analysis. Provided support to schedule events for the department. Provided scheduling support for travel, calendar management, fund reconciliations, procurement, stakeholder involvement, and other executive duties.

Administrative Asst/Sr. Admin Asst

MD Anderson Cancer Center • Houston, TX

May 2014 to August 2019

Supported HRIS onboarding, payroll, and sensitive data management. Reduced reconciliation discrepancies by 40% through automation. Coordinated 50+ projects annually while supporting senior executives. Supported 30 personnel ensuring HR, administrative and compliance accuracy. Key achievements Managed complex schedules for C-suite executives, optimizing time and reducing conflicts by 30%. Streamlined office procedures, cutting operational costs by 25% through efficient resource allocation. Served as a key liaison between executives and internal/external stakeholders, ensuring clear communication. Mentored new admin hires, shortening onboarding time by 15%. Supported executives during a major acquisition while maintaining strict confidentiality. Reduced reconciliation errors by 40%. Introduced AI-driven tools to automate routine tasks, freeing up executive time.

Patient Access Specialist III Team Lead

KELSEY-SEYBOLD CLINIC • Houston, TX

March 2013 to April 2014

- Led daily service delivery operations supporting high-volume customer interactions and patient access services.
- Supervised 14 team members while managing staffing assignments, workload distribution, and operational performance.
- Utilized service metrics and performance data to improve scheduling efficiency and customer satisfaction.
- Coordinated workforce planning activities ensuring service continuity and operational readiness.
- Escalated and resolved complex customer issues while maintaining high service standards.

- Supported onboarding, coaching, training, and employee development initiatives.
- Assisted patients with registration, insurance verification, demographic updates, and financial documentation in a fast-paced Emergency Department.
- Maintained accuracy and confidentiality while coordinating with clinical staff to ensure timely patient access and exceptional customer service.

Patient Service Specialist II

University of Texas Medical Branch • League City, TX

March 2010 to March 2013

Provided advanced clerical, scheduling, registration, and patient-support functions to ensure a smooth, positive patient experience. This role coordinates patient access to UTMB clinics and services, performs complex administrative tasks, and serves as a knowledgeable resource for both patients and clinical teams.

Patient Access Specialist – Emergency Department

SAN JACINTO METHODIST HOSPITAL • Baytown, TX

October 2008 to March 2010

Patient Registration & Intake • Obtain and enter accurate demographic, insurance, and financial information into the electronic health record (EHR).

- Perform registration for various hospital entry points, including Emergency Department, outpatient services, admissions, and specialty clinics.
- Conduct medical necessity checks to ensure Medicare compliance.

Insurance Verification & Financial Clearance • Verify eligibility, benefits, authorizations, and referrals prior to scheduled services.

- Collect co-pays, deductibles, and co-insurance at the time of service.
- Communicate financial responsibilities to patients with clarity and professionalism.

Scheduling & Coordination • Schedule patient appointments and ensure they are financially cleared before arrival.

- Work with clinical and administrative teams to support patient flow and operational efficiency.

Customer Service & Communication • Provide compassionate, culturally sensitive communication to patients and families.

- Address patient concerns, resolve barriers to care, and ensure timely access to services.
- Maintain a positive, service-oriented environment and uphold Houston Methodist's patient experience standards.

Compliance & Documentation • Maintain accurate, up-to-date patient records in the EHR.

- Adhere to HIPAA, EMTALA, and all hospital and regulatory guidelines.
- Support auditing and quality review processes to ensure accuracy in scheduling and registration.

Skills & Abilities • Strong communication and customer service skills.

- Ability to multitask in a fast-paced environment.
- Proficiency with EHR systems and multiple software platforms.
- Ability to remain calm and professional in stressful situations.
- Problem-solving skills and attention to detail.
